*More often than not, our young adults need support and strict guidance to get back on track.*

*The Crossroads program is there for you in your efforts to provide a positive future for your children.*

*Please take advantage of the program and the Gang Task Force for more information and tools that will help keep our future leaders on track for success.*

The "Crossroads Tour" is designed to give our youth a "reality check" by having deputies and deputy coroners meet with the kids and talk with them about their future. The kids will also tour the Alvin S. Glenn Detention Center and have a Real Talk Session and round table discussions about where their lives are headed.

The "Crossroads Tour" comes on the heels of the training that School Resource Officers teach (Law Related Education) during the school year about issues that could lead

a person to jail and shows them the harsh reality of jail life and where bad decisions can lead them.

The name "Crossroads" was chosen because it seemed most appropriate for those students heading down the wrong path. Meaning that it is up to them to choose which road they follow -- Will they proceed on the right side of the law or chose the bad?

Parents are urged to take advantage of the opportunity that this tour offers, because it could assist in the decisions our youth make in the future.
