## CHILD INTERNET SAFETY

---

Never give out personal information online like your full name, address, school name or phone number.

Never give your password(s) out to anyone, not even friends.

Never agree to meet with someone you met on the Internet.

Never post pictures of yourself or your family on the Internet without your parent's permission.

Remember that whatever you are told online may or may not be true.

Remember that what you write online is not private, (such as e-mails or text in chat rooms).

Be careful what you write and the information you give out.

Tell your parents right away if you read anything on the Internet that makes you feel uncomfortable.
