

“DRIVING TIPS”

- Know your route
- Tell someone the route you are taking and approximate time of arrival or return.
- Keep your car in good condition with the gas tank at least half full.
- Park in well-lighted areas and lock your doors, no matter how long you'll be gone.
- Put valuables out of sight or in the trunk.
- Drive with all doors locked and windows rolled up.
- Never pick up hitchhikers. If your car breaks down, put the hood up, lock the doors, turn on the flashers, and move to the passenger seat. Do not leave your car. If someone stops to help, roll down the window slightly and ask them to call the police or a tow truck.
- Avoid underground and enclosed garages if possible.
- When parking or returning to your vehicle, carry your keys and be aware of your surroundings.
- **NO ONE**, including **KIDS, CATS, DOGS**, or **ANY** animals should be left alone in a vehicle, even if the temperatures outside seem moderate. One mistake can cost lives and also change lives forever!!!
