

Personal Safety Tips

To keep you and your family safe!

1

Make The Call

Report all suspicious people and vehicles to RCSD. Nothing is too small to be reported. If you SEE something, SAY something!

2

Be Visible

Make sure your address (house numbers) can be seen on your mailbox or at the street. Ensure that emergency personnel can easily find your home.

3

Take It Inside

Do NOT leave valuables inside of your vehicle. Take your wallet, electronics and weapons inside with you. Lock your doors!

4

Light Up Your Home

Use timed flood lights in place of motion sensors. Have lights on from dusk to dawn. Cut bushes and trees away from your home to prevent dark corners.

5

Don't Be A Victim

Do NOT give personal information over the phone or make payments using gift cards. Use designated internet safety points to purchase items from strangers.

6

Travel Safely

Put a hold on your mail if you travel for an extended time. When shopping, park in well-lit locations and be aware of your surroundings.

7

Know Your Area

Get to know your neighbors so that you can easily recognize suspicious activity. Meet your CAT representative and join the crime watch group in your area!
