## **INTRODUCTION**

All of us have witnessed the detrimental effects controversial police actions have had on relationships between law enforcement agencies and various communities throughout the country. We understand that every interaction a Richland County Sheriff's Department Deputy has with a citizen, whether through an enforcement action or community engagement, is an opportunity to build trust and enhance the reputation of the sheriff's department and increase citizen satisfaction with the services we provide.

The citizens of Richland County expect and deserve the utmost professionalism from Richland County Sheriff's Department. To ensure Department employees are demonstrating exemplary conduct in interactions with the community as well as their coworkers, the Department is committed to a professional standard process that handles complaints of officer conduct and investigates use of force incidents in a fair, consistent and transparent manner.

## PROFESSIONAL STANDARDS UNIT

We are proud to be part of an organization that places a high value on integrity and community trust. The Professional Standards Unit is charged with ensuring the level of trust and confidence the community has in its sheriff's department is safeguarded and that our agency remains deserving of that trust. We also ensure the rights of our employees are protected and all persons involved in an inquiry are treated with dignity and respect.

RCSD realizes that some misconduct allegations can generate significant community concern. Professional Standards Investigators are assigned to investigate such allegations thoroughly so that commanders overseeing case reviews can make informed, unbiased decisions regarding complaint dispositions. Professional Standards staff assumes no active role in determining the final adjudication of any alleged violation. The unit also represents the department and the Sheriff when a case disposition is appealed to one of the community oversight boards.

The men and women who are assigned to the Professional Standards Unit take their responsibilities seriously and are dedicated to the unit's mission. The staff that comprise the unit's investigators have superior investigative skills; have the ability to communicate effectively with the public, and their commitment to both the department and the community we serve.

The Professional Standards staff is always willing to assist the public in addressing their concerns.

Please feel free to contact any unit member with any questions or concerns you may have. To learn more please visit [www.rcsd.net](http://www.rcsd.net).

### **The Professional Standards Staff:**

Sergeant Larry Harrison

# FUNCTIONS OF THE PROFESSIONAL STANDARDS UNIT

The Professional Standards Unit performs several critical functions to help the RCSD reach its goals:

➤ **Protection of the Public:**

The public has the right to expect efficient, fair, and impartial law enforcement; therefore, any allegation of misconduct by department personnel must be investigated and properly addressed to ensure the maintenance of these qualities.

➤ **Protection of the Employee:**

Employees must be protected against false allegations of misconduct. Although being the subject of an investigation may be unpleasant or uncomfortable, the best protection for an employee is a complete and thorough investigation conducted in a timely manner that clearly and unequivocally supports the employee's honesty and integrity if that is indeed the case.

➤ **Protection of the Department:**

The department often is evaluated and judged by the actions of its individual members. It is imperative that the entire organization not be subjected to public censure because of the misconduct of one member. When the public is confident that the department honestly and fairly investigates and addresses all allegations against its members, it is less likely that citizens will raise a cry of indignation over alleged incidents of misconduct.

➤ **Removal of Unfit Personnel:**

Personnel who engage in serious acts of misconduct or who have demonstrated that they are unfit to handle law enforcement responsibilities must be removed from the department for the protection of the public, fellow employees, and the department.

➤ **Correction of Procedural Problems:**

The department constantly seeks to improve its efficiency and the quality of its personnel. Occasionally, investigations by Professional Standards disclose faulty procedures that otherwise may have gone unnoticed.

## COMMUNITY OVERSIGHT

Sheriff's Department-community partnerships are critical for improving the quality of life in our community by preventing and addressing crime. These partnerships rely on community's trust, which is why the RCSD welcomes community oversight and strives to be transparent in its disciplinary process. RCSD works with two different organizations that provide oversight of issues brought to the Professional Standards Unit: the Command Disciplinary Review Committee, and the Citizens Advisory Council.

### **Citizens Advisory Council**

The Richland County Sheriff's Department community-based council, the Citizens Advisory Council, was formed in an effort to increase the department's professional competence and accountability to the citizens of Richland County. Members review and comment on citizen complaints, disciplinary actions taken against deputies and/or employees, and internal policies and procedures, and then provide the Sheriff with an objective viewpoint.

The Citizens' Advisory Council convenes approximately four (4) times a year or as requested by the Sheriff or his designee.

#### ➤ **Duties of the council:**

1. Review citizens' complaints against deputies and/or employees of the Sheriff's Department.
2. Review disciplinary actions against deputies and/or employees of the Sheriff's Department.
3. Review internal policies and procedures of the Sheriff's Department. The Citizens' Advisory Council will then examine each case to determine if they feel the department's actions are justified or unjustified. If the Citizens' Advisory Council determines the department's actions are unjustified, then Professional Standards will be requested to revisit the case.

The Citizens' Advisory Council is comprised of a diverse cross-section of Richland County residents, to include; ministers, retired military veterans, and community leaders. Members are basis for appointed by the Sheriff and serve at his discretion. Service on the council is on a voluntary basis for an indeterminate period of time.

## COMPLAINT INVESTIGATIONS

The Richland County Sheriff's Department has a responsibility to prevent unethical and improper conduct among our employees, and to give them the very best preparation to make sound, appropriate, and responsible decisions.

RCSD has Standard Operating Policy and Procedures that establish policies for topics ranging from Use of Force to Towing Vehicles; however, to make internal discipline matters clearer, RCSD employees also have Rules of Conduct that must be followed. These rules cover the broader categories of behavior and performance expectations to which we hold all employees accountable. Additionally, the RCSD utilizes the Axon in-car and body worn camera systems to capture the activities of our personnel when interacting with the public in an official capacity.

We recognize that despite our best efforts, there will be times when citizens, fellow employees or supervisors perceive an employee's behavior to be inappropriate. When this occurs, staff uses a well-established process for receiving, investigating, and adjudicating complaints. Complaints regarding employee conduct are classified as either internal or external

The RCSD disciplinary process mandates the adjudication of complaint allegations by a supervisory chain of command. The Professional Standards Unit personnel serve to advise the chain of command on the investigation and disciplinary process, but do not participate in determination of the final disposition. There are four outcomes to which a complaint allegation can be adjudicated based on evidence of the alleged behavior and an evaluation of the appropriateness of the employee's behavior: sustained, not sustained, exonerated, and unfounded.

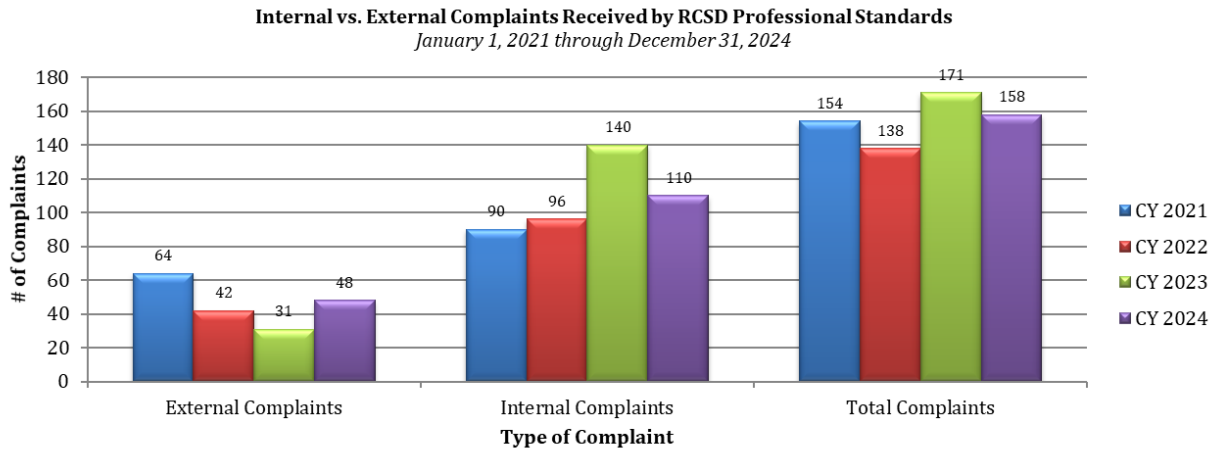

If an allegation is sustained by the Command Disciplinary Review Committee, the Committee will discuss and impose a corrective action consistent with the department's disciplinary philosophy. The unit reviews every internal investigation for consistency with the disciplinary policy and philosophy, and works with the committee to resolve any inconsistencies.

Upon disposition of a complaint allegation, Professional Standards sends a letter to the complainant to advise them that their complaint has been thoroughly investigated and resolved. RCSD makes every effort to investigate and adjudicate all complaint allegations within a reasonable amount of time a complaint is made. However, there are circumstances, including case complexity and witness availability, which prevent this goal from being achieved in every instance.

- *Exonerated*: The acts that provided the basis for the complaint or allegation occurred, but the investigation revealed that they were justified, lawful and proper.
- *Sustained*: The investigation disclosed sufficient evidence to prove the allegation made in the complaint.
- *Non Sustained*: The investigation failed to disclose sufficient evidence to prove or disprove the allegation made in the complaint.
- *Unfounded*: The allegation is false. The incident never occurred or the employee was not involved in the incident, or the investigation conclusively proved that the employee's alleged act or actions never took place.
- *Not Involved*: The alleged activity did not involve the Sheriff's Dept personnel.

## ACKNOWLEDGEMENTS

Please recognize this 2024 annual report is based on data that is not static, and is subject to change following publication. While the Richland County Sheriff's Department strives to share accurate, timely information with the community, there are factors which influence these changes. One way the Department attempts to minimize these changes, or updates, is by adjudicating 2024 case investigations prior to publishing this annual report. This is important because the annual report is based on the calendar year, and a complaint from an event in December may take several months to adjudicate, depending on the severity of the allegation and length of the investigation. With that caveat, please use this report to help understand the yearly trends related to our internal investigations and our commitment to thoroughly investigating all citizen complaints.

In an effort to continue providing the citizens of Richland County with agency transparency and accountability, the Richland County Sheriff's Department continued the use of body-worn cameras in CY2024. The Richland County Sheriff's Department Professional Standards Unit will continue to evaluate citizen and internal complaints as they are presented.
